REASONS FOR ALLOWANCE

1. The amendment to claims 4 and 7 filed on 08/30/2007, which is entered.

Applicant's arguments, see page 5, with respect to the amendment have been fully considered and are persuasive. The rejection of claims 4 and 7 has been withdrawn.

2. Claims 4 and 7 are allowed.

3. The following is an examiner's statement of reasons for allowance: with respect to the independent claims, the prior art of record does not fairly teach the claimed "the source driver has electrical charge recovering means which controls such that at least two output terminals are short-circuited for a certain period of time in n horizontal scanning periods in reaction to the output of the polarity shift circuit" along with the other claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
